Special Issue Published in Cooperation with Meso'2020 – 10th International Conference on the Mesolithic in Europe (https://meso2020.sciencesconf.org)

Submission of a manuscript does not necessarily imply approval for its publication in this Open Archaeology special issue. The manuscript will be subjected to a peer review procedure and its acceptance will depend on this assessment.

Please, in case of doubt and before submission the authors should carefully read over the Instructions for Authors, which are located at http://www.degruyter.com/view/supplement/s23006560_Instructions_for_Authors.pdf

The authors are kindly invited to submit their contribution via the online submission system Editorial Manager available at http://www.editorialmanager.com/opar/

Please select the Category "SI published in cooperation with Meso'2020" to ensure that the manuscript is processed by the Guest Editors.

It is important that authors include a cover letter with their manuscript. The cover letter should explicitly state that the manuscript (or one with substantially the same content, by any of the authors) has not been previously published in any language anywhere and that it is not under simultaneous consideration or in press by another journal.

In order to achieve the deadlines of the editorial process, your contribution must necessarily be submitted before 28 February 2021.
